Index Map in Pocket

PREFACE

This handbook has been prepared to facilitate the identification of Crown Land in Southern Manitoba as an aid in administration and resource planning for Manitoba's Crown land base.

Although every attempt was made to provide the most accurate maps depicting the Crown and Local Government District lands in Southern Manitoba, errors undoubtedly exist and it would be appreciated when errors are discovered that they be brought to my attention.

ACKNOWLEDGEMENTS

This report was completed in co-operation between the Resource Allocation and Planning Branch, Lands Branch and Regional Staff, Manitoba Department of Natural Resources.

In appreciation of the assistance given in the preparation of this Crown Lands Handbook, I thank the numerous persons associated with the Manitoba Department of Natural Resources who gave freely of their time through the various phases required to complete this report. In particular, I would like to thank: R. Sitko, H. Schell, L. Preston, P. Bileski, C. Wall, A. McCaughan and W. Fuchs. I would also like to thank the staff from the various Regions for their help in preparation of the initial report. Appreciation is also extended to the staff of the Agricultural Crown Lands Branch who have provided answers to many questions which arose during the progress of this report. To those who have assisted in this study and have been inadvertently omitted, I should like to thank them also for their contributions.

W. P. Barto
Resource Allocation and Planning Branch
Department of Natural Resources
1495 St. James St., Winnipeg, Manitoba

INTRODUCTION

In mapping the Crown and Local Government District land in Southern Manitoba, in general, only parcels of land one-quarter section in area or larger were mapped; smaller parcels (whether designated by Order-in-Council, presently unencumbered or encumbered) are not shown.

The information on Crown and Local Government District Land was obtained from the Crown Land Plat Books, and Central Registers.

The location of all Wildlife Management Areas and Public Shooting Grounds were obtained from the "Manitoba Wildlife Lands Book", Department of Mines, Natural Resources and Environment updated by regulation.

All base maps (excepting the index map) were obtained from the Manitoba Department of Highways.

With the 1984 revision, the entire report was re-organized and reprinted. Municipalities and local government districts were presented in alphabetical order with the unorganized areas restructured and labelled numerically.

All maps have been dated with the last year for which any change in land status was illustrated.

LEGEND:

CROWN LAND .....

LOCAL GOVERNMENT DISTRICT LAND ..... *

ORDERS-IN-COUNCIL.....

- COP ..... Community Pastures
- PAR ..... Provincial Parks
- FOR ..... Provincial Forests
- PSG ..... Public Shooting Grounds
- WMA ..... Wildlife Management Areas
- ECR ..... Ecological Reserves
